A LETTER FROM YOUR VALENTINE

WELL

happy love month, people. Or as I like to call it, Single's Awareness Month. If you're like me, you're spending your Valentine's Day alone in your home, gone off the rosé, eating enough candy to stuff a large penis-shaped piñata. Maybe it's by choice, maybe it's fate, maybe it's because no matter your gender, the opposite sex is just always fucking crazy. So you know what we do? We drown our sorrows the day before, which just so happens to be the Super Bowl, so the next day is just spent napping off a beer-induced hangover anyways. Talk about strategy. (This ain't my first rodeo.) I love reading people's feedback for the magazine. It's what keeps my creative juices flowing, always forcing me to try something new.

**MAYBE IT'S BECAUSE NO MATTER
YOUR GENDER, THE OPPOSITE SEX
IS JUST ALWAYS FUCKING CRAZY**

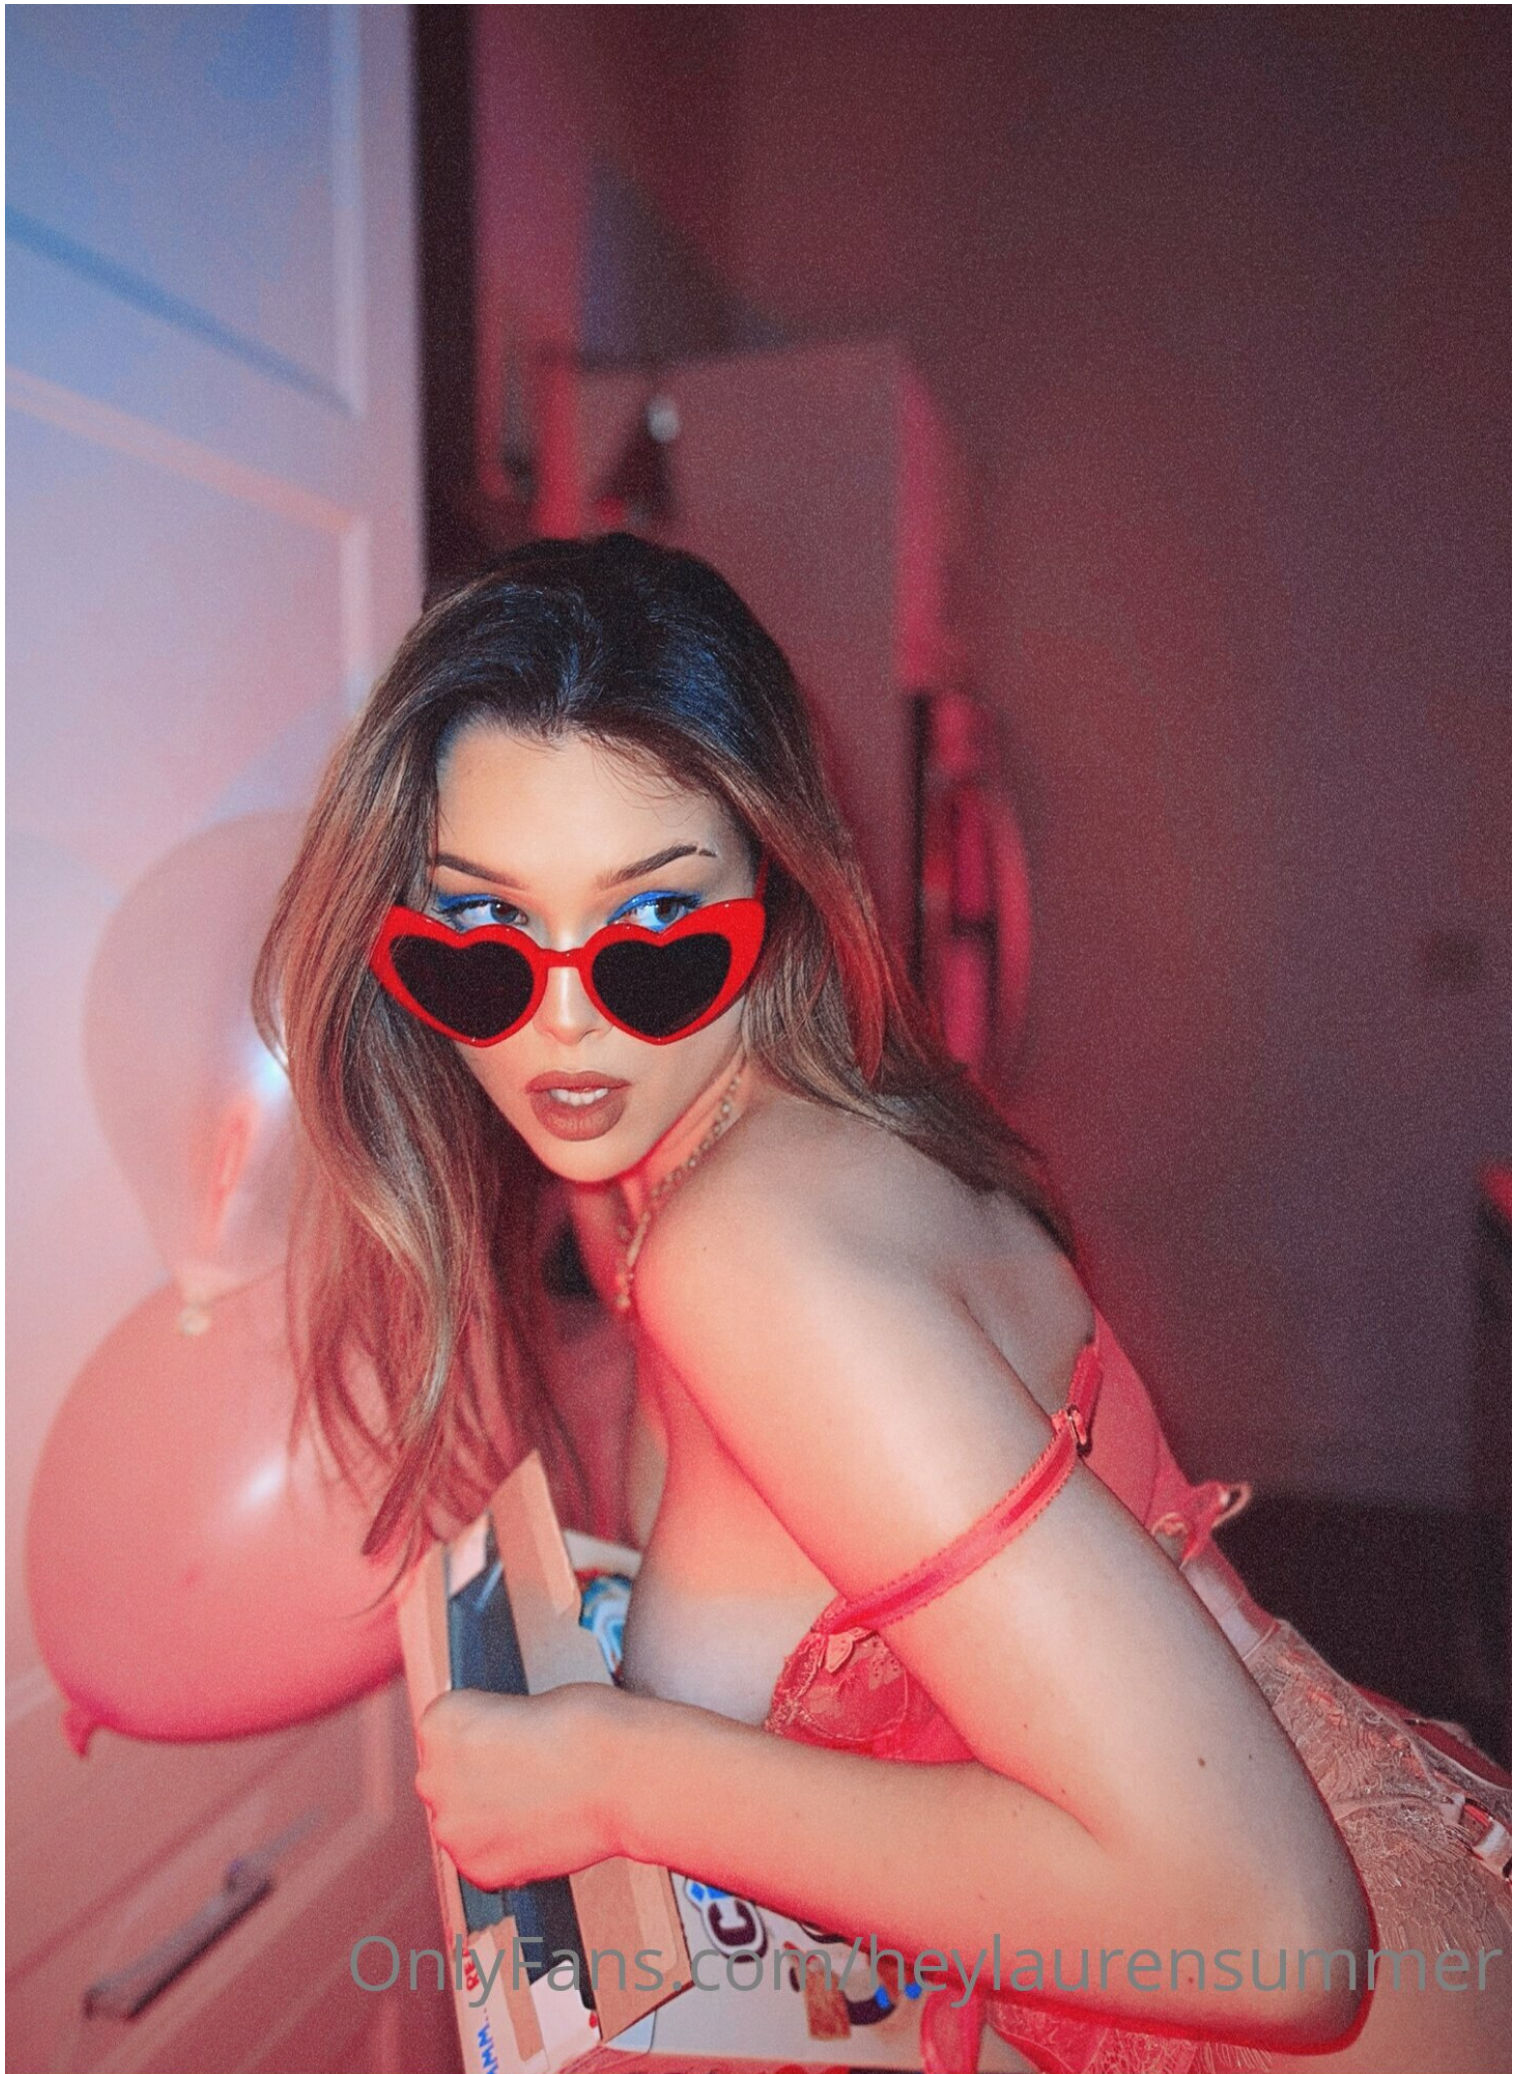

(Whether I can execute it properly or not, it just keeps those gears - a - goin'). What I've picked up on is that a lot of you really love the self-shot issues. I'm so surprised, and also goddamn annoyed (only mostly kidding), because contrary to popular belief, the self shot issues are the hardest to execute. There's much more planning required going into it as a cell phone or Polaroid capture images much differently than a DSLR, so it's far more time consuming to get the look you're going for. That being said, I hope you enjoy another rendition of me fucking around with a camera, and those infamous creative juices.
